#### **IN THE CLAIMS:**

Claim 1, line 6, after the "vaporizing chamber to" has been inserted -- a process chamber through --;

Claim 1, line 7: "source material supply" has been replaced by -- gas feed --.

Claim 17, line 6, after "vaporizing chamber to" has been inserted -- a process chamber through --;

Claim 17, last line, before "." has been inserted -- a filter member disposed between the gas outlet and the plate member and configured to allow the gas material to pass therethrough --.

Claim 46, line 1, "is" has been deleted.

Claim 23 has been cancelled.

#### ***Allowable Subject Matter***

Claims 1-4, 8-17, 19, 22, 25, 27, 34, 38-40, and 42-49 are allowed.

The following is an examiner's statement of reasons for allowance:

Art Unit: 1792

The prior art of records, US 6074487 and US 6409839, do not fairly teach “the shield plate is fixed to the heat transfer member along with the filter member with a spacer interposed between the shield plate and the filter member such that the shield plate receives heater through the heat transfer member and the spacer from the second heating portion” of claim 1, because in the combination of ‘839 and ‘487, such detailed configuration was not obvious. A newly cited art, US 2004/0000379, read into previously presented claim 17 (06/24/2009). However, neither 06/24/2009 nor other prior art of records, US 6207239 and US 6409839, fairly teach “a plate member ... a plurality of heat transfer columns, ... a filter member” of the currently amended claim 17.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to KEATH T. CHEN whose telephone number is (571)270-1870. The examiner can normally be reached on 6:30AM-3 PM EST.

If attempts to reach the examiner by telephone are unsuccessful, the examiner’s supervisor, Michael Cleveland can be reached on 571-272-1418. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
